Grand Master Challenge. Game and Election

Start your adventure by playing the Game as a simple Knight, meet your adversaries or your supporters, gain the title of the Grand Admiral, the Grand Chancellor or the Grand Hospitaller. Your ultimate goal is to be elected Grand Master in Rhodes. Leave your comfort zone, make your move and live this unforgettable experience together with your fellow knights in the Mediterranean, the key to three continents!

**Grand Master
Antoni Fluvia**

**Grand Master
Pierre d'Aubusson**

A political refugee, the Spanish Antoni Fluvia (+1437) gave us the Great Hospital of the Knights in Rhodes, the prototype of any modern hospital: hygiene and specialized medical care for free.

The inspired French engineer Pierre d'Aubusson (1420-1453) emerged as victor of Sultan Mehmet II in the siege of Rhodes in 1481 and saved Europe from an Ottoman conquest.

Grand Master Fabrizio del Carretto

Under the Italian Fabrizio del Carretto (1455-1421) Rhodes becomes impregnable fortress. The Knights capture from the Sultan of Egypt the biggest ship in the Mediterranean with 4 decks and 1000 sailors.
